

Private Jet Prices

If you have decided that having a private jet is worthwhile you may now be looking into the price of having a private jet. There are a large number of planes on the market for sale both new and used and of course, the price tags vary depending on what you are looking for. The newest Supersonic jet, which will not be available on the market till 2014, has a price tag of around \$80 million. Obviously, there are not many who are going to want a supersonic jet or want to spend that kind of money just to fly from New York to Paris in 4 hours. Most are looking for something to get them to and from their destination quickly, without a lot of hassles and in a relaxed atmosphere without worry.
